Yard Policies

*Travelift rates apply during normal hours of operation (Mon.-Fri; 8am-4:30pm). Haul outs requiring excessive re-rigging of the Travelift, excessive haul preparation, yard personnel, or hauls outside of normal hours of operation will incur additional charges based on the standard yard labor rate or overtime (time and a half) rate if applicable. *Pressure washing must be done over the pad by Hazzard Marine employees only. Rate assumes washing immediately upon haul-out. Heavy fouling (e.g. barnacles) must be scraped, and will be billed at the standard yard labor rate. *Living aboard on the boatyard will be permitted on a limited basis subject to approval by HazMar management. *Vessels receiving in-water service will be invoiced at the standard marina daily, weekly and monthly wet storage rates. *Absolutely **NO** borrowing of HazMar tools or equipment. *Tool rental activity must be noted on the 'stockroom sheet'. *Vessel owner shall be responsible for damage to any leased HazMar tools or equipment being operated by vessel owner / agent. *Access to HazMar shop areas permitted only when accompanied by HazMar employee(s). *Paint shaker operated only by HazMar employees. Paint purchased from or through Hazzard Marine may be shaken at no charge. Paint purchased elsewhere may be shaken for a fee of \$10/gallon- *check our paint prices!*
